

Appl. No. 10/787,008
Reponse to Office Action Mailed April 19, 2006

PATENT

REMARKS/ARGUMENTS

Claims 2-6 are amended by this response. Claim 1 is canceled. No claims are added. Accordingly, upon entry of these amendments and remarks, claims 2-6 will remain pending.

In the latest office action, the Examiner indicated the allowability of claim 5 if amended to be in independent form incorporating the elements of parent independent claim 1. In order to expedite issuance of allowed claims, claim 1 is canceled without prejudice to filing of a continuation application drawn thereto. Claim 5 is amended in the manner suggested by the Examiner, and to change the phrase "such that the motor can move horizontally" to "in a horizontally moveable manner".

Claims 2-4 formerly depending from claim 1, have now been amended to depend instead from amended claim 5. Given the Examiner's indication of the allowability of claim 5, amended claims 2-4 should also be considered allowable.

Claim 6 has also been amended to incorporate the elements of claim 5. Accordingly, claim 6 in its amended form should also be considered allowable.

The claims have also been amended to remove occurrence of the terms "its" and "can".

In view of the foregoing, Applicants believe all claims now pending in this Application are in condition for allowance. The issuance of a formal Notice of Allowance at an early date is respectfully requested. If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 650-326-2400.

Respectfully submitted,

Kent J. Tobin
